

# 2-Day Workshop on Vestibular Rehabilitation

**Do you see vestibular patients?**

**Are you keen to enhance your Vestibular Rehabilitation skills?**

## **Aim**

The main aim of this two-day hands-on workshop is to help clinicians enhance their vestibular rehabilitation assessment, diagnosis and treatment skills.

## **Pre-requisite**

The interested clinicians should have basic vestibular skills and should currently be treating patients with dizziness.

## **Who is this course for?**

This course will be suitable for those who attended my one-day vestibular course or similar courses by other tutors in the past.

For further details such as the learning objectives, agenda for the two days and contents covered please visit our website on [www.dizzycareclinic.co.uk](http://www.dizzycareclinic.co.uk) or email us at [dizzycareclinic@gmail.com](mailto:dizzycareclinic@gmail.com)

**Location: 1  
Wolverhampton  
Date:  
14/9/2019 &  
15/9/2019**

**Location: 2  
London  
Dates: TBC**

**Location: 3  
Other area if  
enough candidates  
show interest
